

Equipment List for Geology Field Camp, Summer 2009

Camping Equipment

(We will be camping in central Oregon during the first part of the course, and on our field trip to Glacier National Park)

Warm clothing (including hat and gloves)

Watch – this is important, please be sure to have a watch in the field

Sleeping bag and pad

Tent

Cup, bowl, spoon, fork, knife, plate

Flashlight

Raingear

Field Equipment

Boots

Plenty of socks

Warm weather clothing (light weight fabrics that keep the sun off your skin)

Sun hat, sunglasses

Sunscreen and chapstick

Water bottles (at least 2 liters)

Mechanical pencil with HB lead (.5mm is recommended). Bring spare pencils and lead.

Eraser (retractable mechanical erasers are great)

Rock hammer and holster

Handlens (10x power or greater)

Map board: we recommend 10 x 12 inches, or even larger if you prefer

Field notebook

Field Case. Good field cases can be ordered from ASC Scientific (www.ascscientific.com).

The cordura field pouches are highly recommended.

Office Equipment

Graph paper (10 squares to the inch) – optional

Tracing paper

Colored pencils

Black Drafting Pens: Staedtler # 005, 01, and 05 (or equivalent)

Protractor Ruler (See-Thru W-8 protractor rulers, 6” long, 10ths of inches). Bring spares.

1 USB thumb drive

Scotch tape

Miscellaneous

Camera

Swim suit, towel

Toilet kit
